

MZWAKHE SIFISO MOKHATLA

Software Engineer

Cell: 067 980 1166 | alternative cell: 074 864 1200 | email: mokhatla.mzwakhe@gmail.com

Address: 464 The Blyde, Riverwalk Estate, Silver Lakes, Pretoria, 0054

CAREER OBJECTIVE

Results-driven **Software Engineer** with **5+ years** of experience in full-stack development, specializing in **React, Typescript, Microfrontends, and Azure**. Proven track record of delivering scalable solutions at **MTN, Accenture, and Nybble Technologies**. Adept at **mentoring teams**, optimizing CI/CD pipelines, and translating UI/UX designs into high-performance applications. Passionate about **AI trends, agile methodologies, and sustainable tech**.

WORK EXPERIENCE

MTN Group | Mar 2024 – Present | Roodeport, South Africa

SOFTWARE ENGINEER (CONTRACT)

- Built and maintained microfrontend-based applications for internal and client platforms, including Kente, Bayobab BSP Portal, HR Assist, and Knowledge Base.
- Developed scalable and reusable components using React, TypeScript, and Azure Functions.
- Utilized Docker, Azure DevOps, GitHub, Figma, and Adobe XD to streamline development and ensure consistent delivery across projects.
- Led technical onboarding and provided mentorship to interns and junior developers.
- Delivered feature-rich UI/UX integrations with a strong focus on accessibility and responsive design.

Technical Lead – StudioSync (Payroll & Smart Contract Management Platform)

StudioSync is an in-house smart payroll and contract management platform enabling MTN S2(Software Solutions) to manage time, money, resources, and capacity across multiple regions (including India and the Americas), transitioning operations from spreadsheets to an intuitive, scalable system with future AI integration.

- Acted as **Technical Lead** for StudioSync over the last 6 months, overseeing sprint delivery of epics, user stories, features, and bug fixes within an Agile environment.
- Led **code reviews**, ensured engineering best practices, and maintained high code quality across frontend and backend teams.
- Onboarded and mentored new joiners, interns, and junior engineers, providing ongoing technical guidance and support.
- Designed, built, and maintained **relational PostgreSQL databases**, ensuring data integrity and performance.
- Provided architectural guidance and hands-on support for **TypeScript-based microservices** and **micro-frontend implementations**.
- Implemented and supported **REST API integrations**, testing, and consumption across services.
- Delivered core platform capabilities including **time reporting**, **people management**, and **contract management**, enabling actionable insights into staging, finances, compliance, and workforce utilization.
- Collaborated with UI/UX and service designers to deliver **dashboards**, **compliance reporting**, and administrative insights for end-to-end contract and employee management.

Tech Stack & Infrastructure:

React, TypeScript, Github, Github Actions, Azure, Azure Functions, Azure DevOps, Pulumi, PostgreSQL, Grafana, Custom IaC ecosystem, Microservices, Micro-frontends, Agile

Key Highlights:

Contributed to multiple high-impact features during my 6-month tenure as acting Technical Lead(ongoing).

Delivered product demos to executives and stakeholders during quarterly showcases. Played a pivotal role in component standardization and reusability rollout.

Accenture | Mar 2024 – Present (concurrent with MTN role) | Waterfall, South Africa

SOFTWARE PRODUCT AND PLATFORM ENGINEER (FULL-TIME)

- Contributed to Bayobab Client Portal's frontend architecture and backend migration efforts.
- Supported the transition from Java to TypeScript for modern, maintainable code.
- Participated in product discovery and contributed to documentation and technical direction.
- Provided mentorship and technical guidance to junior developers.
- Guided architectural decisions and tooling standards.
- Supported sprint planning and backlog refinement within a Scrum team.

Nybble Technologies | Dec 2022 – Jun 2023 | Bryanston, RSA and Dar Es Salaam, Tanzania

FRONTEND ENGINEER

- Developed responsive UI components using ReactJS, Redux, and Postgres.
- Led testing and deployment of the e-Teller app during an international trip to Tanzania at NMB(bank).
- Integrated GitHub, Azure DevOps, and Postman into daily development workflows.
- Delivered engaging product demos and collaborated directly with clients.

IST (Integrators of Systems Technology) | Jan 2021 – Dec 2022 | Pretoria, South Africa

JUNIOR SOFTWARE DEVELOPER & INTERN

- Designed and implemented software using the GE Smallworld Magik platform.
- Specialized in data migration, GE Mobile Enterprise customization (JSON, XML), and Electric Office modules.
- Received extensive training in Magik, EO Admin, and spatial database systems.

EDUCATION

Belgium Campus ITversity

- Diploma in Information Technology | 2019 – 2020
- Bachelor's in Computing (1st & 2nd Year) | 2016 – 2018

Hoërskool Drie Riviere | Matric (2015)

- Subjects: Mathematics, Accounting, Business, IT, English, Afrikaans, Life Orientation

TECHNICAL SKILLS

- **Languages:** C#, SQL, JavaScript, TypeScript, Java, PHP, HTML/CSS, XML, JSON, Delphi, Magik
- **Frameworks & Libraries:** ReactJS, NestJS, NextJS
- **Tools & Platforms:** Azure DevOps, GitHub, Docker, Postman, Firebase, MongoDB, PostgreSQL, SQL Server
- **IDEs & Editors:** VS Code, Visual Studio, Eclipse, NetBeans, Cursor, JetBrains
- **GIS Software:** GE Smallworld (Electric Office, Physical Network Inventory), GE Mobile Enterprise

LEADERSHIP & EXTRACURRICULAR

- **SRC** – Appointed as Board Member in 2019, building leadership and public speaking skills.
- **Hack the Waste 2019** – International collaboration to build sustainable waste solutions.
- **BusiT Week 2021** – Collaborated globally on Smart Cities & Climate Change.
- **IBM Z Ambassador** – Participated in UN SDG workshops and tech-driven initiatives.

INTERESTS

- **Algorithmic Development** – Creating optimized systems and exploring new logic models.
- **AI Trends** – Enthusiastic about AI innovations and future-forward technologies.
